MEMKO, Australia and Ingeliance Technologies, France sign MoU for Naval Engineering Services

Where: Adelaide, Australia

When: 14 March 2018

Adelaide, Australia. — March. 14, 2018 — MEMKO and Ingeliance Technologies have signed a MoU with the intent of establishing INGELIANCE AUSTRALIA PTY LTD as a JV between INGELIANCE and MEMKO Pty Ltd. The mission of this partnership is to promote and provide engineering services in Australia initially related to naval projects in Australia.

The partnership will focus on jointly developing commercial opportunities related to naval engineering services, building of skills, capability and capacity through staff exchange and closely work with Australian Universities for the development of graduate engineering talent.

About MEMKO

MEMKO is an Australian company offering engineering services, technology solutions and training to assist and support customers in advanced and highly regulated industries. Established in the year 2007 with its headquarters in Melbourne, Australia; MEMKO is also the official reseller of Dassault Systems PLM Software, DELMIA, CATIA, ENOVIA, 3DVIA & EXALEAD for Australia and New Zealand, Verisurf metrology software for Australia and New Zealand, ICAM for the Asia Pacific region.
