Special Offer

3DEXPERIENCE For Start-Ups

Use the same software as industry leaders like Airbus, Schindler, Tesla and industry shakers like Canoo and Eviation.

As an Engineering Services business with experience at designing and developing products, MEMKO would like to help you achieve your goals using these industry leading design and engineering tools.

This scalable offer grows with your business for **$684 per user in the first year.**

Think big, spend a little and unleash your entrepreneurial potential

Designed for early stage start-ups, this is your entry point to a long-term relationship with the world's leading tools for product development, from Dassault Systèmes. We support you at every step of your journey with personalised support.

Tailored Support

You will have access to a range of resources including support from a MEMKO specialist to ensure a quick start:

- **Onboarding** - continous and tailored onboarding program
- **Companion** - learning companion tool featuring e-learning modules
- **Community** - dedicated community for personalised expert advice
